I

G.O., No. 239 I., dated 27th May 1907.

Abstract.—Sanctioning, with remarks, an estimate, amounting to Rs. 3,936, for constructing an inspection bungalow with out-houses at Kuruvanuth, Madura district, and ordering that a copy of the Proceedings be forwarded to the Government of India for information.

II

Letter—from H. E. Clerk, Esq., Superintending Engineer, VI Circle.
To—the Chief Engineer for Irrigation.
Dated—Trichinopoly, the 11th February 1910.
No.—165-C.E.

I have the honour to forward herewith, with reference to Irrigation Chief Engineer's Circular Memorandum No. 616, dated 23rd February 1905, for your approval and sanction of Government an estimate, amounting to Rs. 270, for deepening the well and providing a wooden gate to the compound of the inspection bungalow at Kuruvanuth in the Periyakulam taluk, Madura district.

The necessity for these works is explained in the report attached to the estimate, and early sanction to the estimate is requested.

Enclosure.

Report to accompany the estimate for providing a gate and deepening the well in the compound of the Kuruvanuth bungalow.

	RS.
Amount of estimate	270

The bungalow was recently built. It is fenced all round but has no gate to keep out cattle. As per instructions of the Executive Engineer, it is proposed to provide it with a gate 10 feet wide. The gate is purposely made 4 feet 6 inches high as the local cattle are accustomed to jump over a good height.

Out of the original estimate, a well 9′ × 9′ was dug in hard kunkur from the surface to a depth of 48 feet. It remains dry for more than six months in a year. It is now proposed to dig it 10 feet deeper, when about 6 feet of water is expected in driest part of the year.

The rate provided is that current in the locality for the nature of work.

The well will be provided with a parapet wall all round and a pulley to draw water.

30th January 1910.

J. M. M. Parker,
Executive Engineer, Madura Division.

III

Note by the Chief Engineer for Irrigation, dated 11th March 1910.

The estimate is recommended for sanction.

C. A. SMITH,
Chief Engineer for Irrigation.

Order—No. 107 I., dated 7th April 1910.

The following estimate is sanctioned :

Divided Head.

NOTES CONNECTED WITH G.O., No. 107 I., DATED 7TH APRIL 1910.

[SUBJECT.—*Providing a gate and deepening the well in the compound of the Inspection bungalow at Kuruvanuth, Periyár system.*]

From the Superintending Engineer, VI Circle, dated 11*th February* 1910, *No.* 165 *C.E.*

Assistant Chief Engineer for Irrigation—

The Superintending Engineer, VI Circle, submits an estimate amounting to Rs. 270 for providing a gate and deepening the well in the compound of the inspection bungalow at Kuruvanuth, Madura district.

The estimate has been checked ; the rates allowed in the estimate excepting the one for deepening the well fairly agree with the current schedule of the district. A rate of Rs. 2–8–0 per cubic yard or say about Rs. 9 per 100 cubic feet of cutting and deepening the well has been allowed. The depth of the well as originally dug is 48 feet. It is now proposed to deepen the well for a further depth of 10 feet in hard kunker soil. Considering the nature and the difficulty of the work to be done, the rate allowed in the estimate may, it is submitted, be passed.

Under Secretary—

A draft order sanctioning the estimate is submitted and may, if approved, be circulated to the Hon'ble Mr. J. N. Atkinson, C.S.I., through the Financial Department, with reference to paragraph 5 of his note, dated 20th August 1909, printed on page 6 of the notes to G.O., No. 366 I., dated 8th September 1909.

11-3-10.

C. A. SMITH.
11-3-10.

To the Hon'ble Mr. J. N. Atkinson, C.S.I., through Financial.

FINANCIAL DEPARTMENT.

The outlay on the main inspection bungalow * at Kuruvanuth was debited to *Imperial* funds in the *Open Capital Account* of the Periyár project under the head "49. Irrigation" The cost of improvements to this bungalow now proposed, amounting to Rs. 270, is however, proposed to be debited to the Revenue account of the project under the head "42—Irrigation Major Works—Working Expenses," apparently under the ruling in paragraph 1920 (*a*) of the Public Works Department Code (Vol. II).

* Classed as "Unremunerative" work—*vide* paragraph 1919 II (*i*) of Public Works Department Code (Vol. II).

G.O., No. 239 I., dated 27th May 1907.

2. The draft order may be accepted in Financial.

A.H.
19-3-10.

Chief Secretary—

This seems unobjectionable as annual maintenance charges fall under "Working Expenses."

C. REILLY.
